

and the shadows at night

all songs written, and performed by poorpete copyright 2011 poorpete/first to eleven

moonlight surrounds
baby carrots
big torrados
two more chances
it won't change a thing
that's life
grandma's house
don't wake up the sun

emotional swanpouffer in the room
stays but stays in the room
few bedrooms and a bathroom
two more chances to get
right tonight
if you'd change a thing
cold dark empty house
spending time with you
let's take the moon landing

welcome home
saints and saviors
the hollywood way
too late tomorrow
night light
cold dark empty house
spending time with you
let's take the moon landing
